MUSIC TOGETHER

- is for infants, toddlers, preschoolers and their parents/caregivers.
- is based on the premise that all children are musical and that parents and other primary caregivers play a crucial role in nurturing their child's musical development.
- activities are presented in a fun filled, informal learning environment.
- is developmentally appropriate for children and easy for parents and caregivers, regardless of their own musical ability.

TUITION INCLUDES

- 10 weekly 45 minute classes
- One CD and one songbook per family
- MT "Music Zone" digital download access
- Music and Your Child: a DVD guide for new parents and caregivers
- All classes are mixed age levels (Newborn to 4 years old, unless indicated otherwise)

Mixed Age Classes

(Newborn – 4. w. Adults)

Adults, regardless of their musical ability, can help create an environment that supports children in achieving basic musical competence. Children of mixed ages participate at their own level by singing, moving, chanting, listening, and exploring musical instruments. Parents and caregivers participate with the children and receive music development information about their own child. Together, music allows for fun and family bonding.

Classes for 3- to 5-year-olds

(with Adults)

This is for (experienced!) 3- to 5-year-old children who have had a lot of Music Together and are "ready for something a little different" but still need an accompanying adult in class. Admission preference is given to children with three or more semesters of Music Together. Content includes short voice warm up, music improvisation, creative dance movement, easy choreographed dance movement, instrument play, dramatic play.

Baby Classes

(Newborn – 10 months with Adults)

This offering just for infants is a one-semester introduction to Music Together. The musical activities and materials are especially designed for parents who want to learn as much as

possible about music development in infants. Meet other parents of newborns and have fun!
